Roland

Dallapè Accordion Sounds

The *Dallapè accordion* sounds are located in one of the four internal expansion memories.

As you can see, at the startup the internal expansion memory used is the first one "[A]".

The *Dallapè* sounds are permanently stored in this location and cannot be either moved or removed.

For more details about the internal expansion memories see "15.9 Expansion Sounds" in the FR-8x Owner's Manual.

Dallapè Accordion Sets

The *Dallapè FR-8x* contains seven special sets. The *Dallapè* sets are located in the first seven positions in the list.
